 **What?**

The Library is undergoing a total renovation and many lesser-used items have been moved to off-site storage; these are usually retrievable within two business days. The renovation will be completed in the summer of 2007. The Beatley Library on the main campus houses the bulk of the collection, including an extensive reference collection and special resources in areas such as women's studies, juvenile literature, social work and library science. A large collection of electronic resources is available for on-site use by FLC members. The Library includes an Information Commons that offers 66 computer workstations and both technical and reference assistance. Members of the FLC may also use the Miller/Knopf Career Resources Library and College Archives. The Simmons College School of Management Library is not part of the FLC, but members may contact that library for use by appointment.
