WHAT?

The mission of Wentworth Institute of Technology is to develop, support, and sustain high quality educational programs in the fields of architecture, design, engineering, technology and the management of technology. Wentworth continues to support the values of our founder, Arioeh Wentworth, by emphasizing that the goals of a practicing professional is to conduct one's affairs with honesty, to provide a full measure of effort for the client, to deliver products and services, which conserve resources, and to do so with purpose and order.

The Alumni Library strives to meet the informational and educational needs of the Wentworth community. The library collection is selected to support the curriculum. The library collection includes 73,000 volumes and 500 periodical subscriptions. The strengths of the collection are Architecture, Design, Construction, Computer Science, Engineering (Civil, Mechanical, Electrical), and Manufacturing.

WHERE?

The Alumni Library is located on the second and mezzanine floors of Beatty Hall.
